DETAILED COMPANY-WISE BREAKDOWN

Havells India Ltd

Type: Unpaid Internship (Potential FTE)

Role(s):

- IoT Team - Agentic AI Intern

Eligibility:

- Year: 3rd or 4th year B.Tech / M.Tech 1st year

Salary/Stipend: Unpaid (6 months to 1 year), Potential FTE based on performance

Location: Havells R&D Centre, Mahadevpura, Bengaluru

Duration: 6 months to 1 year

Deadline: Same day (before 3PM)

Eligible Branches: CSE, AI/ML, Related specializations

Backlogs Policy: Not specified

Skills Required: IoT Projects, AI/ML-based project work, Agentic AI, Voice Agents/Conversational AI, Generative AI (GenAI), AI Tools and Frameworks, Prompt Engineering, Strong Python Programming

Other Requirements: Based on intern performance, may be considered for full-time employment

Internzlearn (Google Authorized Training Partner)

Type: Training + Internship Program (Paid)

Role(s):

- Google Certified Training & Internship Program

Eligibility:

- Target: Students wishing to strengthen technical skills
- Fee: Training fee applicable (discount with referral code ACC30)

Salary/Stipend: Not specified (Training fee applicable)

Location: Online

Duration: 3 Months

Eligible Branches: All Engineering Branches

Backlogs Policy: Not specified

Skills Required: Foundation Training, Hands-on Project Experience, Aptitude, Communication, Professional Skills

Other Requirements: Referral Code: ACC30 for discount

Myntra (WeForShe Hackerramp 2026)

Type: Hackathon + Pre-Placement Interview Opportunity

Role(s):

- Women-in-Tech Team-based Challenge - Build What's Next: Myntra For Bharat

Eligibility:

- Who: B.Tech/B.E. 3rd or 4th year (graduating 2027)
- Team: Teams of 2-3 women engineering students
- Dual Degree: 4th or 5th year (graduating 2027)

Salary/Stipend: Up to 5,25,000 in rewards (cash prizes + Myntra EGVs); PPI opportunities

Location: National Finals at Myntra HQ

Duration: Hackathon event

Eligible Branches: All Engineering Disciplines (Women only)

Backlogs Policy: Not specified

Skills Required: Problem solving, Innovation, Team collaboration, Real-world problem solving

Selection Process: Online assessment → National Finals

Other Requirements: Pre-Placement Interview (PPI) opportunities with Myntra for winners

Amazon (WoW Program)

Type: Skill Building & Career Enhancement Program

Role(s):

- Amazon WoW - Women in Tech Program

Eligibility:

- Who: All university students or graduated within last 24 months
- Gender: Women engineer students
- Cost: Free program

Salary/Stipend: Free program (no stipend)

Location: Online/Virtual

Duration: Ongoing learning series

Eligible Branches: All Engineering Branches (Women students)

Backlogs Policy: Not specified

Skills Required: Career readiness, Networking, Leadership skills, Essential skills for Amazon application

Other Requirements: Periodic outreach for full-time graduate and internship opportunities

Flipkart (GRiD 8.0)

Type: Engineering Challenge + Internship/Full-time Opportunities

Role(s):

- Software Development Track
- AI Engineering Track
- Data Science Track

Eligibility:

- Programs: B.Tech, B.E., M.Tech, M.E., M.S., PhD, Dual/Integrated
- Graduating: 2027-2030 (Bachelor's/Master's), 2027-2031 (PhD/Dual)
- Years: Open to All Years of Study

Salary/Stipend: 1,25,000 Flipkart EGVs (1st place per track), 75,000 (2nd place); Full-time roles and internship opportunities

Location: National Finals at Flipkart HQ, Bangalore

Duration: Multi-round challenge

Deadline: 7 July 2026

Eligible Branches: All Engineering Specializations

Backlogs Policy: Not specified

Skills Required: Software Development, AI Engineering, Data Science, Coding, Problem solving

Selection Process: Round 1: Profile screening, Round 2: Coding assessment, Round 3: Track-based assessment, Round 4: National Finals at Flipkart HQ

Other Requirements: Top 50 Spotlight recognition across Flipkart platforms; Certificates for Round 2 & 3 qualifiers

MSRIT AI Training (External Training Company)

Type: Free Virtual AI Training

Role(s):

- AI Training Program

Eligibility:

- When: Every Saturday & Sunday, 6PM to 8PM
- Duration: From 20th June 2026 till 5th July 2026
- Mode: Virtual with hands-on
- Cost: Completely FREE

Salary/Stipend: Free training

Location: Virtual (Zoom)

Duration: 2 hours every Saturday & Sunday till 5th July 2026

Eligible Branches: UG & PG Students

Backlogs Policy: Not specified

Skills Required: AI fundamentals, Hands-on AI projects

Other Requirements: No need to register with email or contact number

Ujjivan Small Finance Bank

Type: Full-time Campus Recruitment

Role(s):

- Engineering Graduate Trainee

Eligibility:

- Degree: BTech
- Specialization: Computer Science, Data Science, Websecurity, AML, Information Security, Digital Transformation
- No Backlogs: Required

Salary/Stipend: CTC 9.16 LPA

Location: Bangalore (Initial 6 Months on Field if necessary)

Duration: Full-time

Deadline: Same day (before 11PM)

Eligible Branches: Computer Science, Data Science, Websecurity, AML, Information Security, Digital Transformation

Backlogs Policy: No Backlogs

Skills Required: AI security, Data Privacy, IT Risk Management

Ethnus (Infosys Foundation Supported)

Type: Free Skilling Program + Placement Assistance

Role(s):

- Free Youth Skilling Program

Eligibility:

- Year: 2026 and 2027 passing out
- Cost: Completely Free (No cost for students or institution)
- Mode: Online/Hybrid

Salary/Stipend: Free training (no stipend)

Location: Online/Hybrid

Duration: Not specified

Eligible Branches: BE/BTech, ME/MTech, BSc, MSc, MCA, BCA, BCom, Other graduates/postgraduates, Polytechnic

Backlogs Policy: Not specified

Skills Required: AWS, Full Stack, Salesforce, Java, Digital Marketing, Graphic Designing, Aptitude, Verbal, Reasoning, Soft Skills

Other Requirements: Recognized certificate upon completion; Placement assistance for successful participants

peopleHum (Avniro Groups)

Type: Probationary Internship → Full-time

Role(s):

- **Agentic AI Java Developer**
- stipend: 30,000/month (12 months)
- fte_ctc: 5.4 LPA (5 LPA fixed + 40k Variable)
- training_location: Mumbai (initial 3-4 months)
- final_location: Bengaluru
- **UI Developer for Agentic AI**
- stipend: 26,000/month (12 months)
- fte_ctp: 4.8 LPA (4.4 LPA fixed + 40k Variable)
- training_location: Mumbai (initial 3-4 months)

- final_location: Bengaluru
- **AI QA Specialist**
- stipend: 24,000/month (12 months)
- fte_ctc: 3.8 LPA (Fixed)
- training_location: Mumbai (initial 3-4 months)
- final_location: Bengaluru

Eligibility:

- Academic: +70% score in 10th & 12th
- Communication: Good Communication Skills (+7/10)
- Batch: 2026-2027 or Alumni

CGPA Requirement: 70% in 10th & 12th

Salary/Stipend: Varies by role (24,000- 30,000/month stipend; 3.8- 5.4 LPA FTE)

Location: Mumbai (training 3-4 months) → Bengaluru

Duration: 12 months probationary internship

Eligible Branches: B.Tech/M.Tech in Computer Science (CS), MCA

Backlogs Policy: Not specified

Selection Process: 1. Register & view JD, 2. Shortlisting (academic + communication), 3. Telephonic Screening, 4. Two In-Person Interviews (HSR Layout, Bengaluru)

Other Requirements: Preferring immediate joiners; flexibility with work location required

Shikshavertex (Microsoft Certified Fundamentals)

Type: Training & Internship Program (Paid with Scholarship)

Role(s):

- Microsoft Certified Fundamentals Incubated Summer Training & Internship

Eligibility:

- Target: SRM Students (shortlisted)
- Scholarship: MCRSFT@30 for 30% discount
- Note: Fee applicable

Salary/Stipend: Not specified (Training fee with scholarship discount)

Location: Online

Duration: 3-4 months

Eligible Branches: All Engineering Branches

Backlogs Policy: Not specified

Skills Required: Live expert-led sessions, Real-time projects, Microsoft Certified Fundamentals Workshop, Aptitude, Industry exposure

Other Requirements: Scholarship Code: MCRSFT@30

Kalvium (via KodNest)

Type: Internship + PPO

Role(s):

- Kalvium Teaching Ninjas (DSA + Tech Skilling)

Eligibility:

- Degree: B.Tech/BE/ME/M.Tech
- Target Batch: 2027 Passing Out
- Work Mode: Work from Office (Bengaluru)
- Mandatory Coding Profiles: {'LeetCode': 'Knight Badge', 'Codeforces': 'Expert Rating', 'CodeChef': '4-Star Rating'}

Salary/Stipend: 40,000/month (12 months internship); PPO Conversion CTC: 12-14 LPA (Fixed)

Location: Bengaluru

Duration: 12 months internship

Deadline: 10:30 AM IST, 19th June 2026

Eligible Branches: CSE, IT, AI, ML, Data Science, Related fields

Backlogs Policy: Not specified

Selection Process: Round 1: Profile Screening (Online), Round 2: Assignment Round (Online), Round 3: Technical Interview (Online), Round 4: Culture Fitment Discussion (Online)

Other Requirements: Must be willing to relocate to Bangalore upon shortlisting

Geonixa

Type: Training & Internship Program (Paid)

Role(s):

- 60-day Training & Internship Program

Eligibility:

- Target: Students for academic internship requirements
- Structure: Phase 1: Core Training (20 days), Phase 2: Minor Project (10 days), Phase 3: Aptitude & Preparation (15 days), Phase 4: Major Project (15 days)

Salary/Stipend: Not specified (Fee applicable)

Location: Not specified

Duration: 60 days

Eligible Branches: All Engineering Branches

Backlogs Policy: Not specified

Skills Required: Fundamentals, Tools, Workflows, Reasoning, Aptitude, Interview basics

Other Requirements: Resume building, Mock interviews, LinkedIn profile development

ABB

Type: Internship

Role(s):

- IS Team Intern

Eligibility:

- 10th: 60%
- 12th: 60%
- CGPA: 60%

CGPA Requirement: 60%

Salary/Stipend: INR 30,000/month

Location: Bangalore

Duration: 3 Months

Deadline: Same day (before 3PM)

Eligible Branches: CSE, Cybersecurity, AI/ML, EEE, IS, IT

Backlogs Policy: No active backlogs

Skills Required: CSE, Cybersecurity, AI/ML, EEE, IS, IT

Zynga Games

Type: Internship

Role(s):

- Software Engineering Internship

Eligibility:

- CGPA: 8 & above
- Backlogs: No Backlogs

CGPA Requirement: 8.0+

Salary/Stipend: 80,000 per month

Location: Not specified

Duration: Not specified

Deadline: Same day (before 10 PM)

Eligible Branches: BE CS allied

Backlogs Policy: No Backlogs

Eightfold AI

Type: Internship

Role(s):

- Agentic AI Engineering Intern

Eligibility:

- Degree: B.E. / B.Tech
- CGPA: 8.5 and above
- Year: 2027 graduating

CGPA Requirement: 8.5+

Salary/Stipend: 1,50,000 / month

Location: Bangalore or Noida

Duration: Jul to Dec 2026 (6 months)

Deadline: 19 June 2026, 8:00 PM IST

Eligible Branches: CSE, IT

Backlogs Policy: No current/active backlogs

Selection Process: Online application via Eightfold AI portal

Tally Solutions (Code Brewers 2026)

Type: National Coding Hackathon

Role(s):

- Coding Hackathon - Brew Code | Build Impact

Eligibility:

- Target: Students across India

Salary/Stipend: 3 Lakh prize pool for winning teams

Location: Online/National Platform

Duration: Hackathon event

Deadline: 2nd July 2026

Eligible Branches: All Engineering Branches

Backlogs Policy: Not specified

Skills Required: Coding, Problem solving, Innovation, Real-world problem solving

Selection Process: Registration → Online assessment → Finals

Other Requirements: Industry exposure and mentorship opportunities; Certificates for participants and winners

AGGREGATED SKILLS ANALYSIS

Most Frequently Demanded Skills Across All Companies:

- Aptitude (4 companies)
- Problem solving (3 companies)
- Innovation (2 companies)
- Real-world problem solving (2 companies)
- Coding (2 companies)
- Reasoning (2 companies)
- IoT Projects (1 companies)
- AI/ML-based project work (1 companies)
- Agentic AI (1 companies)
- Voice Agents/Conversational AI (1 companies)
- Generative AI (GenAI) (1 companies)
- AI Tools and Frameworks (1 companies)
- Prompt Engineering (1 companies)
- Strong Python Programming (1 companies)
- Foundation Training (1 companies)
- Hands-on Project Experience (1 companies)
- Communication (1 companies)
- Professional Skills (1 companies)
- Team collaboration (1 companies)
- Career readiness (1 companies)
- Networking (1 companies)
- Leadership skills (1 companies)
- Essential skills for Amazon application (1 companies)
- Software Development (1 companies)
- AI Engineering (1 companies)
- Data Science (1 companies)
- AI fundamentals (1 companies)
- Hands-on AI projects (1 companies)
- AI security (1 companies)
- Data Privacy (1 companies)
- IT Risk Management (1 companies)
- AWS (1 companies)
- Full Stack (1 companies)
- Salesforce (1 companies)
- Java (1 companies)

- Digital Marketing (1 companies)
- Graphic Designing (1 companies)
- Verbal (1 companies)
- Soft Skills (1 companies)
- Live expert-led sessions (1 companies)
- Real-time projects (1 companies)
- Microsoft Certified Fundamentals Workshop (1 companies)
- Industry exposure (1 companies)
- Fundamentals (1 companies)
- Tools (1 companies)
- Workflows (1 companies)
- Interview basics (1 companies)
- CSE (1 companies)
- Cybersecurity (1 companies)
- AI/ML (1 companies)
- EEE (1 companies)
- IS (1 companies)
- IT (1 companies)

Technical Skills by Category:

AI/ML Skills:

- Agentic AI
- Generative AI (GenAI)
- AI Tools and Frameworks
- Prompt Engineering
- Machine Learning
- Deep Learning
- Natural Language Processing
- Computer Vision

Programming Languages:

- Python (Strong emphasis)
- Java
- JavaScript
- C++

Web Development:

- Full Stack Development
- Frontend (UI Development)
- Backend
- Web Security

Cloud & DevOps:

- AWS
- Cloud Computing
- Docker
- CI/CD

Data:

- Data Science
- Data Analytics
- Data Privacy
- Data Security

Soft Skills:

- Communication Skills
- Aptitude
- Reasoning
- Verbal Skills
- Team Collaboration
- Problem Solving

PROJECT RECOMMENDATIONS BASED ON COMPANY REQUIREMENTS

Based on the analysis of all companies that visited your campus, here are **3 recommended projects** that align with maximum company requirements:

Project 1: Agentic AI + IoT Full-Stack Platform**Why this project:**

- Directly aligns with Havells (Agentic AI, IoT, Voice Agents)
- Matches Eightfold AI (Agentic AI Engineering)
- Appeals to peopleHum (Agentic AI Java Developer)
- Relevant to Ujjivan (AI Security)

Tech Stack: Python, FastAPI, React, IoT sensors, LLM integration, Voice APIs **Key Features:**

- Conversational AI agent for device control
- IoT device management dashboard
- Real-time data analytics
- Voice command processing

- Security layer with AI-powered threat detection

Project 2: DSA + Competitive Programming Platform

Why this project:

- Directly matches Kalvium requirement (DSA + Tech Skilling)
- Shows coding proficiency for Zynga (CGPA 8+ requirement)
- Demonstrates problem-solving for Flipkart GRiD
- Appeals to Infosys (Specialist Programmer roles)

Tech Stack: React, Node.js, MongoDB, Docker, CI/CD **Key Features:**

- LeetCode-style problem repository
- Code execution engine
- Progress tracking with analytics
- Contest hosting platform
- AI-powered hint system

Project 3: AI-Powered Financial Security & Risk Management System

Why this project:

- Directly matches Ujjivan (AI Security, Data Privacy, IT Risk Management)
- Appeals to ABB (IS Team, Cybersecurity)
- Relevant to peopleHum (AI QA Specialist)
- Shows full-stack + AI integration

Tech Stack: Python, TensorFlow, React, PostgreSQL, Docker, AWS **Key Features:**

- Fraud detection using ML models
- Risk assessment dashboard
- Data privacy compliance checker
- Real-time transaction monitoring
- AI-powered audit trail

ADDITIONAL RECOMMENDATIONS

For Hackathons (Myntra, Flipkart, Tally):

- Build a quick MVP using no-code/low-code tools
- Focus on innovation and real-world problem solving
- Practice team collaboration and presentation skills

For Training Programs (Ethnus, Internzlearn, Geonixa):

- Complete AWS certification
- Build full-stack projects with Java
- Practice aptitude and reasoning daily

For High-Package Roles (Infosys, Eightfold AI, Zynga):

- Maintain CGPA above 8.5
 - Build strong competitive programming profile (CodeChef, LeetCode, Codeforces)
 - Contribute to open-source projects
 - Build production-ready projects with Docker and CI/CD
-

CODING PROFILE REQUIREMENTS (From Kalvium)

- **LeetCode:** Knight Badge
- **Codeforces:** Expert Rating
- **CodeChef:** 4-Star Rating

Action Items:

1. Start competitive programming practice immediately
 2. Target 500+ problems on LeetCode
 3. Participate in Codeforces Div 2 contests
 4. Maintain active CodeChef profile
-
